To whom it may concern:

This letter is in behalf of Rev. Richard T. Nolan who is on our Faculty.

Rev. Nolan has contributed greatly to the betterment of our school as a priest, a teacher, and dormitory supervisor. He has exercised very conscientiously all of his responsibilities; in fact, on many occasions he has worked far beyond the call of duty.

He is highly respected by faculty and students for his professional competency, his willingness to help others, and his understanding.

I recommend him highly. He will be an asset to any secondary school or college because of his versatility and his cooperation. He shows a great deal of promise from all points of view.

Sincerely yours,
