Dr. Richard T. Nolan
The Litchfield Institute
Box 1000
Litchfield, CT 06759

Dear Dr. Nolan,

I want to express the station's appreciation for your continuing periodic guest (and occasionally guest host) appearances on our 3 hour program, "Talk of the Town." The discussions on a variety of topics and the listener participation via telephone have been of much interest over the years.

Our records show that your first association with our staff was as a guest on "Sounding Board", a televised talk show, on April 5, 1972, over the channel formerly owned by this company, and that your first appearance as a guest on our radio program was on April 10, 1973. For your continuing voluntary community service with us, we thank you.

Yours truly,

Joanna Giddings
